

# Weimar Fellowships

The Klassik Stiftung Weimar awards Weimar Fellowships to researchers whose projects refer to the collections and cultural heritage of Weimar.

The Weimar Fellowships promote research projects which focus on European cultural history from early modern times to the present day and make direct reference to the collections in Weimar. Fellowship recipients may work in all facilities and departments of the Klassik Stiftung Weimar, particularly in the Goethe- und Schiller-Archiv (GSA), the Herzogin Anna Amalia Bibliothek (HAAB) and the museums.

## Selection criteria

- clearly recognisable connection to the holdings of the Klassik Stiftung Weimar
- academic/scientific qualification of the applicant
- project's significance for scientific study and research

Overview presentations and works without direct references to original sources are not eligible for funding.

## Conditions

The fellowship includes a stipend of 1,500 euros per month. Due to construction work starting in 2026, the guest apartments in the historic Nietzsche Archive will unfortunately not be available. Depending on capacity, it may be possible to move into an apartment in the Pogwischhaus. However, this will not be possible for all Fellows. In this case, we ask you kindly to organize your own accommodation in Weimar, for which an additional accommodation fee of 500 euros per month will be paid. Please indicate your preferred period and an alternative period.

## Required documents

- letter of motivation
- abstract of your research project (10-15 lines)
- brief description of your research project outlining your academic interest in the subject, the current state of research, your progress so far, and how a research stay in Weimar would specifically benefit your research project (4-5 pages)
- CV in tabular form and list of publications (if applicable)

## Application deadline

**Please submit your application documents by 31 July via our online application portal.** All fellowship applications are reviewed and selected in September of each year. If your application is selected, your fellowship is to be commenced in the following year.
